A Swivel Chair / Racing Car Seat?

KILLABEE presents you with the revolving gaming chair, a swivel chair that has the design of a racing car seat. It is the perfect chair for passionate gamers, but also for office workers who wish to be more comfortable while they work. The ergonomic computer chair with the high density memory foam seat, the high backrest and the wide armrests will become your favorite piece of furniture. **Adjust Every Single Part For Extra Comfort!**

This gaming chair is multifunctional, and this is one of the many reasons why it is so great and comfortable. Every single part of this chair can be adjusted to your height and body. More specifically, you can readjust with ease...

- The height of the office chair
- The tilt of the backrest
- The back pressure
- The armrests.

In fact, the wide armrests can be adjusted to 3 dimensions:

- Up and Down
- Forth and Back
- Right and Left

Are you not convinced yet that this is the most advanced and comfortable office chair that you'll ever sit on?
